Protection of Atlantic Salmon
Against the Salmon Louse,
L. salmonis: Challenges and
Developments**

Dr. Sean Monaghan

Lecturer, Institute of Aquaculture, U. of Stirling

FALL FORUM

~RESEARCH • SCIENCE • TECHNOLOGY~

 acffa Atlantic Canada
Fish Farmers Association

AGENDA

11:20 am Application of Comparative Genomic Technologies and CRISPR to Combat Sea Lice Infection in Salmon

Dr. Mark Fast
Professor, Atlantic Vet College, UPEI

11:50 am SmoothMove: Fish Transfer Reimagined

Julia Voss
Director of Research, East Coast Innovation

12:15 pm Filling the Financial Data Gap: Reducing the Cost Barriers to Decarbonization in the Aquaculture Industry

Allison Murray
Founder & CEO of Acuicy

12:40 pm LUNCH

1:40 pm Bacterial Kidney Disease in New Brunswick: Evidence for Increased Virulence

Dr. Tony Manning
Senior Scientist, RPC

2:05 pm Single-Cell Products for the Healthy and Sustainable Growth of Atlantic Salmon

Juan Manriquez-Hernandez
PhD candidate, Dalhousie University

2:30 pm Marine Migration of Endangered Inner Bay of Fundy Atlantic Salmon

Dr. Kurt Samways
Associate Professor, UNB

2:55 pm The Nova Scotia Aquaculture Coastal Classification System - A Decision Support Tool for Proactive Planning

Dr. Jenny Weitzman
Research Scientist, CMAR

3:20 pm Atlantic Canada's Ocean Industries: Key to our Future Prosperity

David Campbell
President, Jupia Consultants Inc

3:55 pm Wrap-up

6:00 pm Charity Auction & Awards Dinner

Drewhaven Town and Country
255 Water Street, St. Andrews

FALL FORUM

~ RESEARCH • SCIENCE • TECHNOLOGY ~
